Softskills & Experiences

## ABOUT ME

I am an experienced full-stack developer with a strong passion for creating cutting-edge applications and developing effective systems. I thrive on collaboration and eagerly seek opportunities to work with talented teams and engage with the community. Having spent considerable time developing REST APIs and building robust website and mobile applications, I am proficient in a wide range of programming languages including JavaScript, Java, PHP, Dart, and Kotlin. This versatility allows me to adapt quickly to new challenges and contribute effectively to projects across different platforms and domains.

## EXPERIENCE

### Software Developer Intern

Telkom IoT

During my 4-month in 2023 internship at Telkom IoT, I had the valuable opportunity to contribute to 4 IoT projects, involving both mobile app development and website projects. Working diligently, I actively participated in crafting innovative solutions and gaining hands-on experience in the ever-evolving fields of mobile and web technologies. The internship provided me with a profound understanding of real-world industry practices and reinforced my passion for software development. I am grateful for the enriching experience, as it has further fueled my ambition to pursue a successful career in the tech industry.

## EDUCATION

### Al Wafi Islamic Boarding School ( 3 Years )

Junior High School

During junior high school, I frequently participated in extracurricular activities focused on programming using HTML and Bootstrap. However, at that time, I didn't have much time for learning due to other commitments.

### Rabbaanii Boarding School ( 2 Year )

Vocational High School (RPL)

When I was in vocational high school, I chose the software engineering major and extensively studied mobile development. Within a year, I became proficient in mobile development, mastering the necessary skills and knowledge in this field.

### SMA Laskar UI ( 1 Year )

Home Schooling ( IPA )

I study academics during my one-year homeschooling journey. This unique experience allows me to explore various subjects and develop self-discipline. It's a valuable opportunity for personal growth, and I'm committed to making the most of it. I embrace the freedom and responsibility that homeschooling offers, enriching my education in diverse ways.

### Bina Nusantara University (Now)

Computer Science ( 1st Semester )
